## Lucrarea de laborator Nr. 2

*Disciplina: Tehnici de programare*

**Tema:** ” pwn.college”

A efectuat :

st. gr.SI – 264 Șoimaru Gabriel

A verificat :

asistent universitar Reițman Patricia

Chișinău – 2026

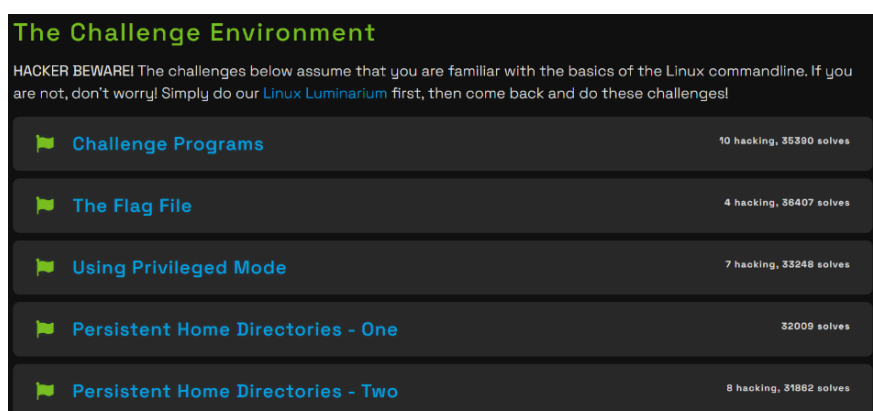

## SARCINA LUCRĂRII

Completarea challenge-urilor de pe pagina „Welcome” a site-ului pwn.college  
(12 challenge-uri) (<https://pwn.college/welcome/welcome/>).

| Interacting with the Dojo  |                          |
|----------------------------|--------------------------|
| Getting Started            |                          |
| Using the Terminal         | 16 hacking, 40171 solves |
| Using the VSCode Workspace | 13 hacking, 54149 solves |
| Using the GUI Desktop      | 4 hacking, 50320 solves  |
| Pasting Into the Desktop   | 7 hacking, 47797 solves  |
| Connecting over SSH        | 7 hacking, 0 solves      |
| Restarting Challenges      | 8 hacking, 42042 solves  |
| Getting Help               | 4 hacking, 0 solves      |

## 7. Getting Help

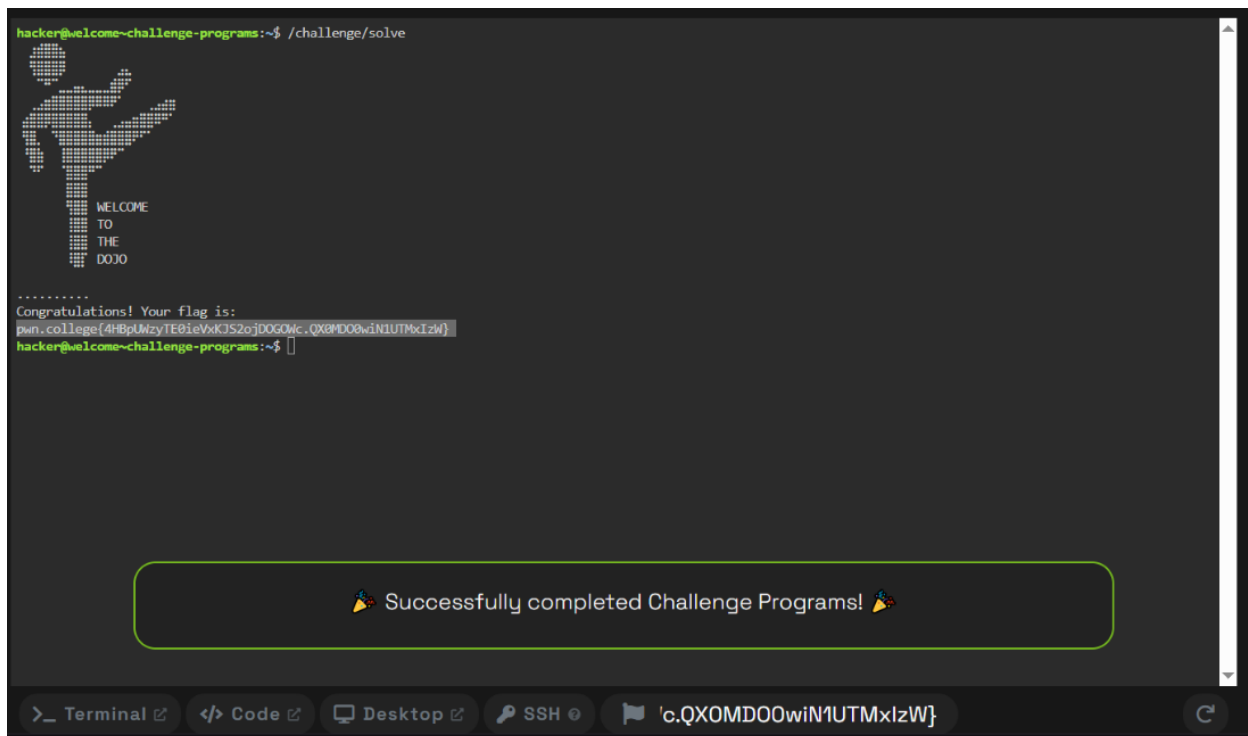

```
WHAT IS THE PASSWORD??? If you don't know it, just ask SENSEI!
Don't worry, it will happily give you the answer
> pwn-the-planet
CORRECT! Here is your flag:
pwn.college{MPShtXTgc0bdMXLZisKUb6BhQq.QXyIDN1wiN1UTMxIzW}
hacker@welcome-getting-help:~$
```

Successfully completed Getting Help!

Terminal Code Desktop SSH 1Qq.QXyIDN1wiN1UTMxIzW}

Figura 14. Obținerea flagului și completarea challenge-ului 7

## 8. Challenge Programs

```
hacker@welcome-challenge-programs:~$ /challenge/solve
WELCOME
TO
THE
DOJO

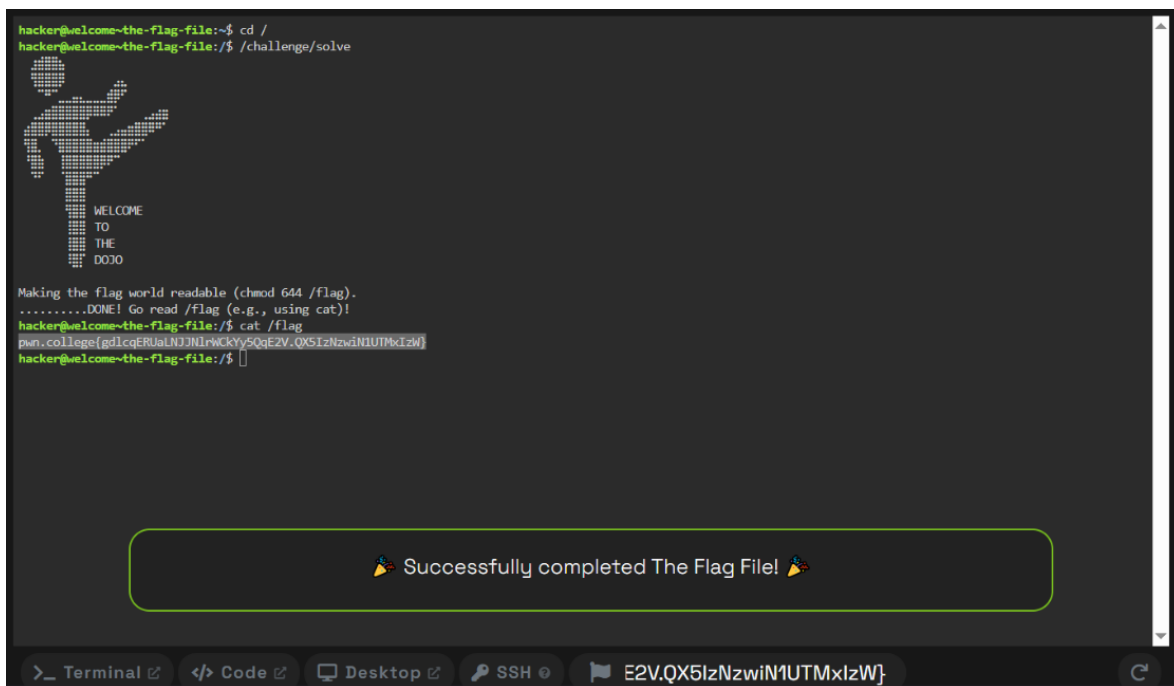

.....
Congratulations! Your flag is:
pwn.college{4HbptUkzyTE0ieVxKJ52orjD0G0mc.QX0MD00wiN1UTMxIzW}
hacker@welcome-challenge-programs:~$
```

Successfully completed Challenge Programs!

Terminal Code Desktop SSH 'c.QX0MD00wiN1UTMxIzW}

Figura 15. Obținerea flagului și completarea challenge-ului 8

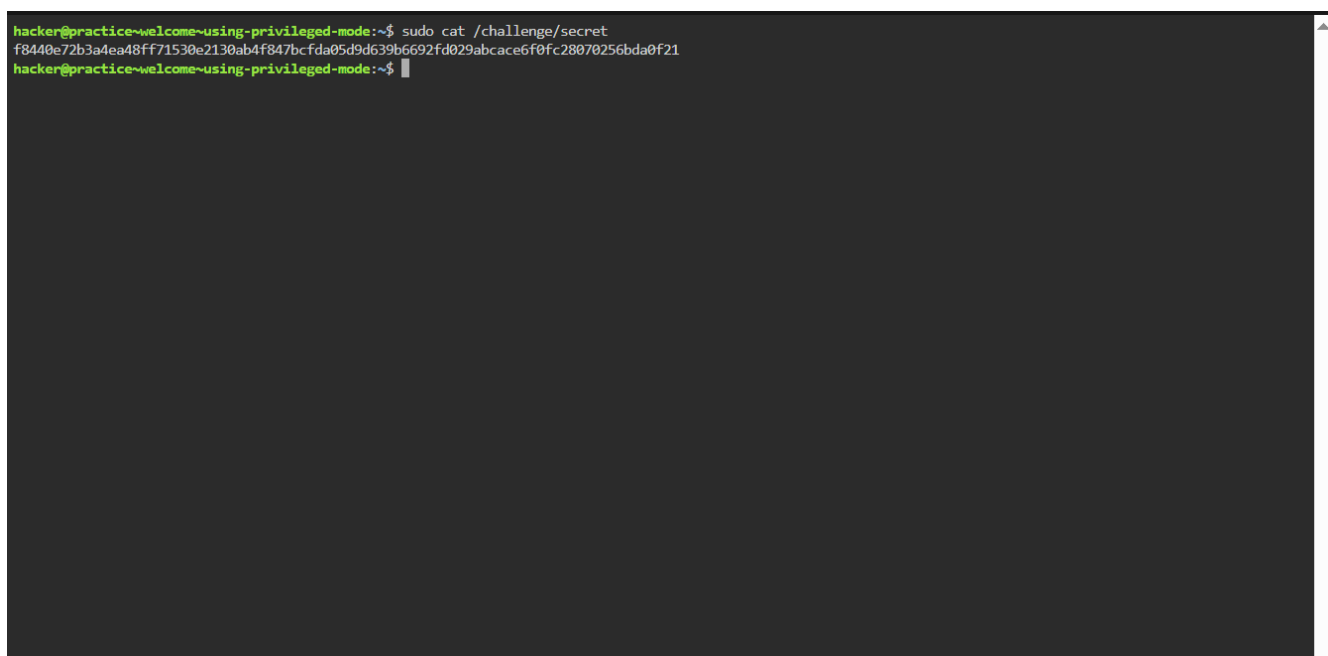

## 9. The Flag File

The screenshot shows a terminal window with a dark background. At the top, the prompt is `hacker@welcome-the-flag-file:~$`. The user enters `cd /` and then `/challenge/solve`. A large ASCII art figure of a person in a dynamic pose is displayed on the left. To its right, the text reads:   
WELCOME  
TO  
THE  
DOJO  
  
Below this, a message says:   
Making the flag world readable (chmod 644 /flag).  
.....DONE! Go read /flag (e.g., using cat)!  
The user then enters `cat /flag`. The terminal outputs the flag: `pwn.college{gd1cqERUaLN3JN1rwCky5QqEZV.QX5IzNzw1N1UTMxIzW}`. A green box at the bottom of the terminal contains the text:   
🎉 Successfully completed The Flag File! 🎉  
The terminal's status bar at the bottom shows tabs for Terminal, Code, Desktop, SSH, and a flag icon with the text `E2V.QX5IzNzw1N1UTMxIzW}`.

Figura 16. Obținerea flagului și completarea challenge-ului 9

## 10. Using Privileged Mode

The screenshot shows a terminal window with a dark background. The prompt is `hacker@practice-welcome-using-privileged-mode:~$`. The user enters `sudo cat /challenge/secret`. The terminal outputs a long alphanumeric string: `f8440e72b3a4ea48ff71530e2130ab4f847bcfda05d9d639b6692fd029abcace6f0fc28070256bda0f21`. The user then enters `cat /challenge/secret` again, and the terminal outputs the same long alphanumeric string. The prompt is now `hacker@practice-welcome-using-privileged-mode:~$`.

Figura 17. Obținerea flagului în terminalul privileged în altă filă

```
hacker@welcome-using-privileged-mode:~$ /challenge/solve

      WELCOME
      TO
      THE
      DOJO

You are not running in Privileged mode! Hopefully, you have already run this
challenge in Privileged mode and used sudo to read /challenge/secret. If not,
restart this challenge in Privileged mode and do so, then come back to real
mode to try this again.

ENTER SECRET: f8440e72b3a4ea48ff71530e2130ab4f847bcfda05d9d639b6692fd029abcace6f0fc28070256bda0f21
CORRECT! Your flag: pwn.college{4VofZxdyc0ZNI0ZnpI9I02jbyNs.QXxMzNzwiN1UTMxlzW}
hacker@welcome-using-privileged-mode:~$
```

Successfully completed Using Privileged Mode!

Terminal Code Desktop SSH Is.QXxMzNzwiN1UTMxlzW} sudo

Figura 18. Completarea challenge-ului 10

## 11. Persistent Home Directories - One

```
hacker@welcome-persistent-home-directories-one:~$ /challenge/solve

      WELCOME
      TO
      THE
      DOJO

Please create directory named "leap" in your home directory, and copy the
/challenge/secret file into it! The resulting file should have the path of
/home/hacker/leap/secret and should have the same contents as /challenge/secret.

Once you have done this, rerun this script and I will give you the flag.
hacker@welcome-persistent-home-directories-one:~$ mkdir ~/leap
hacker@welcome-persistent-home-directories-one:~$ cp /challenge/secret ~/leap
hacker@welcome-persistent-home-directories-one:~$ /challenge/solve

      WELCOME
      TO
      THE
      DOJO

The file is pres
the file stays a
pwn.college{6pdd

hacker@welcome-persistent-home-directories-one:~$
```

Successfully completed Persistent Home Directories - One!

Terminal Code Desktop SSH \_5.QXxMzNzwiN1UTMxlzW} sudo

Figura 19. Obținerea flagului și completarea challenge-ului 11

## 12. Persistent Home Directories - One

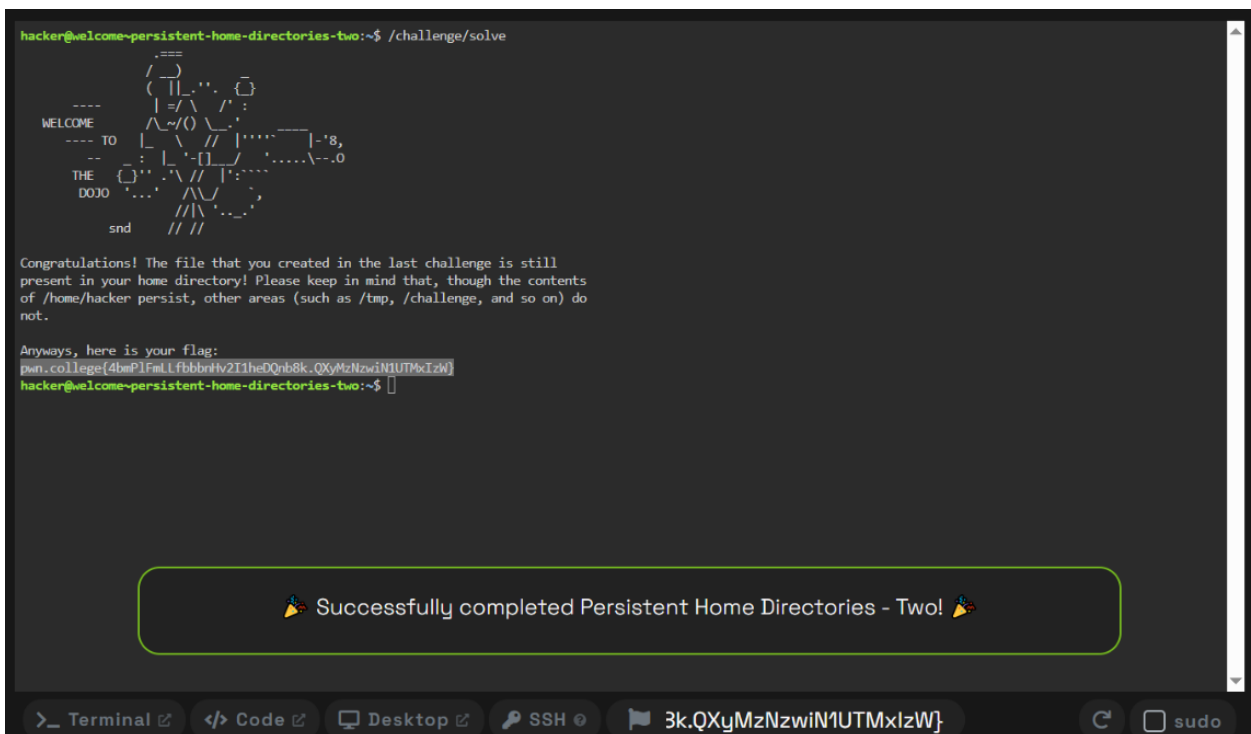

Figura 20. Obținerea flagului și completarea challenge-ului 12

## CONCLUZII

**Pe parcursul acestei lucrări de laborator am învățat să folosim platforma pwn.college, cum să folosim un terminal și puțin despre structura fișierelor din Linux și comenzile sale.**
